OUR PHILOSOPHY

- This preschool is a ministry of Antioch Lutheran Church. We provide a nurturing environment where universal Christian education and faith development are combined within our academic preschool program. We welcome all of God's children from various spiritual backgrounds.
- Antioch Lutheran Preschool offers materials and activities that are challenging and stimulating to children's developmental needs. Large and small group instruction and activities provide your child with the opportunities to gain confidence and skills and work one-on-one with credentialed teachers in specific areas of development in our state licensed facility.

- Choice and center activities include math, science, physical education, and literacy instruction. Language activities engage children's reading and writing skills for kindergarten preparation. In addition, Michigan Standards of Preschool

Readiness are followed. Our curriculum is state aligned.

- Respect for individual differences will be combined with a goal of group fellowship. Each child is unique and special.
- We provide a Christian program; however, we do not discriminate in admissions or determinations of enrollment on the basis of race, gender, color, national origin or religion.
